

Rockslide Hand Crafted Brews

ABV/IBU

Widowmaker Wheat

4.8/12

Mildly hopped, this is one of our best-selling beers. Made with a 70/30 blend of 2-row & wheat malt also hopped exclusively with Ahtanum hops.

Raspberry Wheat

4.8/12

We blend our Widowmaker wheat with a small amount of natural raspberry extract to create this fruity wheat.

Try a 50/50 blend with the Big Bear Stout for a “Black & Berry”

Kokopelli Kölsch

4.5/18

Our take on the famous light ale from Köln, Germany. Brewed with a blend of 2-row, Pilsner and wheat malt for a light, crisp body and balanced with German hops for an authentic finish. Perfect for those new to craft beers.

Rabbit Ears Amber Ale

5.9/23

Brewed with pale, crystal & wheat malt for a supportive yet clean body and hopped with Columbus and Cascade hops for a classic American hop finish.

Cold Shivers Pale Ale

6.0/45

This American pale exhibits a clean malt profile that is balanced with Chinook, Citra and Amarillo hops for a grapefruit-pine flavor and aroma.

Horsethief IPA

6.7/70

An American style IPA brewed with Columbus, Citra and Centennial hops for a sturdy bitterness and a prominent tangerine flavor and aroma.

Big Bear Oatmeal Stout

5.6/27

Pale, crystal malt, wheat, roasted barley and chocolate malt, rolled oats and Munich malt make this a big beer you can almost chew on. Columbus hops are used just to balance out the intense sweetness of this rich brew.
